ABOUT US

GAI Consultants is an engineering, planning, and environmental consulting firm providing customized solutions and local expertise to clients in the energy, transportation, development, government, and industrial markets.

Founded

August 1958–Pittsburgh, PA

Employees

800+ employees company-wide

Revenue

\$125+ Million annually

VISION | To strategically grow our business, nationally and internationally, in partnership and trust with our clients and staff.

MISSION | We meet our clients' challenges by empowering our staff to transform ideas into reality.

CORE VALUES | Integrating integrity, trust, and quality into all that we do • Delivering outstanding client service and communication • Enhancing business through high ethical standards • Acknowledging our employees' achievements • Strengthening our success through safety

Services Offered

- Airport Planning, Design Engineering, and Construction Services
- Bridge and Structure Inspection and Design
- Coal Combustion Residuals Management
- Construction Inspection and Management
- Cultural Resources Management
- Economic Analyses and Strategies
- Electric Transmission Design and Siting
- Environmental Engineering
- Environmental Studies, Species Studies, Permitting
- Gas Pipeline Surveying and Mapping
- Geographic Information Systems (GIS)
- Geotechnical Engineering and Geology
- Impoundment and Landfill Permitting and Design
- Land Development Engineering
- Landscape Architecture and Design
- Master Planning and Urban Design
- Mechanical, Electrical, Structural Engineering
- Natural Gas FERC Certification and Permitting
- Nuclear Energy Engineering Support
- Right of Way and Appraisal Support
- Land Surveying and Mapping
- Transportation Planning and Design
- Utility Management Consulting
- Water, Stormwater, Wastewater Management

Markets Served

- Energy
- Transportation
- Water
- Municipal
- Government
- Industrial
- Real Estate
- Education
- Healthcare

Awards

- More than 70 Engineering Excellence Awards
- *Engineering News-Record*:
 - Top 500 Design Firms, 2006–2022
 - Top 200 Environmental Firms, 2008–2021

of New York, P.C.

NORTH CAROLINA

GAI Consultants - NC, Inc.

MICHIGAN

GAI Consultants of MI, P.C.

¹The scope of professional services that are provided by or offered out of each GAI office including, but not limited to, engineering and surveying services, is governed by the professional and business licensing requirements of each individual State or jurisdiction in which the GAI office is located and whether GAI has the requisite professional and business licenses for that State or jurisdiction. Nothing on GAI's Web Site or marketing materials is intended to be interpreted or construed as offering to perform professional licensed services where prohibited unless the licensing requirements have been met. Engineering services are not offered out of GAI's Northern Kentucky (Florence) office location.

²Surveying services are not offered out of GAI's Kentucky locations.

LEADERSHIP

GARY DEJIDAS, PE, MBA, F. GBA

Chairman / Chief Executive Officer

Gary M. Dejidas, PE, MBA began his engineering career in 1972 with the Pittsburgh office of GAI Consultants, Inc. (GAI). In 1982, the firm selected him to open its first office outside of western Pennsylvania, in Orlando, FL. Starting with six employees, Gary built the GAI subsidiary into a 125-employee operation, and when all the GAI subsidiaries were consolidated into one company in 2003, Gary was elected President and CEO. Today as Chairman and CEO, Gary is responsible for overseeing the growth and strategic development of the 800-person, multidisciplinary firm with staff located in 25 GAI offices in 12 states.

Gary served as Chairperson/ Director of Terra Insurance Group—an insurance provider to the Architecture and Engineering industry—and as a Member of the SunTrust Bank (Truist) Advisory Board. Gary also served as a Trustee to his alma mater Point Park University, and is currently a Fellow with the Geoprofessional Business Association.

ANTHONY MORROCCO, PE, PLS, MBA

President

President Anthony Morrocco, PE, PLS, MBA joined GAI in 1989 as a Project Manager. Tony established GAI's Land Development and Survey groups and directed their development for several years, winning significant projects that changed Pittsburgh's skyline. Tony advanced his career at GAI from Project Manager to Group Manager to Managing Officer of GAI's Pittsburgh office. During his tenure as Managing Officer, Tony assisted in developing additional office space to handle the consolidation and growth of GAI's Pittsburgh office from 200+ to 400+ employees.

As the Chief Operating Officer, Tony was responsible for overseeing GAI's Business Units, leading the Business and Strategic Planning processes and providing guidance and direction to GAI's professional and administrative staff in all offices.

In June 2017, consistent with the company's succession planning strategy, GAI's Board of Directors unanimously elected Tony as President.

KARL PALVISAK, CPA, MBA

Senior Vice President / Chief Financial Officer

Karl Palvisak, CPA, MBA joined GAI Consultants in Orlando as a staff accountant in 1992. Within five years, he was named Accounting Manager. Karl was personally responsible for the success of GAI's accounting consolidation efforts in spearheading the blending of two separate accounting databases between GAI's former subsidiary companies. In January 2004, he was appointed CFO and now oversees GAI's corporate accounting staff. Karl is also responsible for implementing GAI's Deltek system, which facilitates data sharing among all of GAI's offices, enhancing accuracy and efficiency for our clients' invoicing and billing requirements. Karl has been a member of the Boy Scouts of America since 1973 earning the Eagle Scout award in 1978. He has served on the Central Florida Council Board of Directors since 2002, and has been the Treasurer since 2004. Karl also served as President of the University of Central Florida's Alumni Association in 2002 and was awarded the University's Community Service Award in 2012.

LEADERSHIP

**STEPHEN GOULD, MS, MBA****President of Power & Energy / Chief Administrative Officer**

Executive Vice President Stephen Gould, MS, MBA is GAI's Chief Operating Officer (COO) and serves on GAI's Board of Directors. Stephen became COO in 2019, a role in which he oversees the company's integrated technical staff of more than 800 professionals.

Over the course of a nearly 30-year tenure, Stephen's supportive leadership approach and his commitment to serve GAI's long-term clients and nurture new client relationships have worked to help GAI grow its business and expand its service offerings. As leader of GAI's Employee Engagement Task Force, Stephen champions a range of internal initiatives that help promote staff cohesion and collaboration, encourage and develop top talent, and cultivate a beneficial GAI corporate culture.

Stephen joined GAI in 1992 as part of the geology and groundwater services group. In the mid-1990s, Stephen helped to introduce Geographic Information System (GIS) technology as a GAI core service to support analysis, environmental, and engineering-related projects. Stephen became GAI's Energy Business Unit Director in 2013, a role in which he served until starting his position as COO.

**KEVIN LEADBETTER, PE, MBA****President of Transportation & Infrastructure**

GAI Senior Vice President and Board of Directors member Kevin Leadbetter, PE, MBA joined GAI in 2005. He has decades of experience specializing in project management/construction engineering, including as a senior project engineer and senior advisor on large roadway construction projects, as well as major design-build projects. Kevin oversees a staff of technical professionals and project managers on transportation construction engineering and inspection, design, design-build, survey, and right-of-way/eminant domain projects. He engages team members to find practical solutions that solve problems, save time, and reduce cost. Kevin emphasizes sound business-focused decision-making while working to achieve optimal project outcomes. He draws upon his experience as an engineer and contractor on conventional design-bid-build and complex design-build projects to achieve early issue identification, mitigation, and resolution.
